

Quick Detach Rack for Harley Davidson FLH & FLT Part # QD1000

Note: To mount this to the motorcycle you will need to purchase a model specific mounting kit.
HWK015 – for 2008 and Older Harley Davidson FLH and FLT models
HWK020 – for 2009 and Newer Harley Davidson FLH and FLT models

1. Assemble the rods onto the rack as shown below and as follows. Place one of the ¼" washers supplied onto each of the four ¼" button head screws supplied. Place the longer bolts thru the rear holes in the rack and then thru the holes in the rods and install the thinner lock nuts finger tight. Place the shorter bolts thru the front holes on the rack, bend the "P" clamps open and slide over the rods as shown. Close the "P" clamps with a pliers and place the bolt thru the clamps, install the remaining lock nuts supplied finger tight.

Proceed with the instruction enclosed with one of the mounting kits listed above
